

APPOINTMENT	Graduate Research Assistant Shields Uncertainty Research Group Department of Civil and Systems Engineering Johns Hopkins University	Sept. 2019 - present
CONTACT INFORMATION	303 Latrobe Hall, 3400 N Charles St Baltimore, MD 21218 USA ✉ kontolati@jhu.edu (e-mail) 💻 katianakontolati.com (personal website) in linkedin.com/in/katiana-kontolati (LinkedIn) 📄 github.com/katiana22 (GitHub)	
RESEARCH INTERESTS	My research is centered around physics-informed machine learning and uncertainty quantification. I focus on the development of probabilistic data-driven approaches for accelerating and enhancing predictive modeling and optimization in physics-based and engineering systems under uncertainty.	
EDUCATION	Johns Hopkins University , Baltimore MD, USA Ph.D. in Civil and Systems Engineering <ul style="list-style-type: none"> • Research areas: Physics-informed machine learning, uncertainty quantification • Advisor: Michael D. Shields, Associate Professor • G.P.A.: 3.85/4.0 National Technical University of Athens , Athens, Greece M.Sc. in Applied Mechanics, G.P.A.: 9.40/10.0 Major: Non-linear Dynamics University of Thessaly , Volos, Greece Diploma in Civil Engineering, (5-year curriculum), G.P.A.: 8.90/10.0 Major: Structural Engineering, Numerical Analysis	Aug. 2019 - present Sept. 2017 - July 2019 Sept. 2012 - July 2019
EXPERIENCE	General Electric (GE) Research , Niskayuna, NY Research Engineer Intern, Probabilistic Design & Optimization <ul style="list-style-type: none"> • Designed and developed a transfer learning framework to leverage multi-fidelity CFD simulation data of industrial gas turbines (IGT) for efficient aerodynamic assessment based on the airfoil shape design of turbine blades. • Developed a time series analysis framework as part of a BWRX-300 small modular reactor Digital Twin to predict mechanical failure and optimize operation and proactive maintenance. • Performed surrogate modeling on low-dimensional manifolds and improved predictive accuracy of hydrogen flame propagation in zero-emission hydrogen internal combustion engines (ICE). Los Alamos National Laboratory , Los Alamos, NM Applied Machine Learning Research Fellow, CCS-3 <ul style="list-style-type: none"> • Developed a framework for constructing neural density estimators with normalizing flows on spectral latent spaces for regression and uncertainty quantification in very high-dimensional experimental spectral data. • Applied proposed framework to laser-induced breakdown spectroscopy (LIBS) spectra generated by the Mars Curiosity rover to predict the elemental composition of Martian rocks and soil with associated uncertainties. • Presented work at NeurIPS 2021 Workshop on Machine Learning and the Physical Sciences. 	May 2022 - present Jun. 2021 - Aug. 2021

Johns Hopkins University, Baltimore, MD
Shields Uncertainty Research Group

Aug. 2019 - present

- Developing methodologies based on low-dimensional manifold learning and deep learning for surrogate modeling and uncertainty quantification in high-dimensional stochastic systems. Open-sourcing all codes on GitHub.
- Implemented proposed techniques for a variety of applications including parameterizing macroscopic models from atomistic simulation data and learning solutions of non-linear PDEs describing complex physico-chemical processes.
- Published 6 papers (5 first-author, 2 under review) in peer-reviewed journals and presented in 5 International Conferences.
- Co-developer of **UQpy** (Uncertainty Quantification with python), a general purpose Python toolbox for modeling uncertainty in physical and mathematical systems. Contributing to the *Dimension Reduction* and *Surrogates* modules.

Aktor S.A., Athens, Greece

June. 2016 - Sept. 2016

Construction Management Intern

- Oversaw the entire planning and building process of the retrofitting of the Akron Ilion Krystal building and reported the quality of performance on site to all site construction managers.
- Developed CAD drawings, calculated final material quantities and costs and performed preliminary engineering reviews on the detailed construction and demolition plan drawings.
- Utilized structural and earthquake engineering software SAP2000, for preliminary numerical analysis of structural elements during the demolition process.

HONORS & AWARDS

National Science Foundation (NSF) Fellowship
MMLDT-CSET Conference, San Diego, California

Sept. 2021

Teaching Assistant Award

Department of Civil and Systems Engineering, Johns Hopkins University

May 2021

Applied Machine Learning Summer Research Fellowship

Los Alamos National Laboratory

Feb. 2021

Joseph Meyerhoff Fellowship

Whiting School of Engineering, Johns Hopkins University

Aug. 2019

Graduate Research Fellowships

Cornell University & ETH Zürich (declined)

Mar. 2019

COST Travel Grant

European Cooperation in Science & Technology, Action TU 1304

Apr. 2017

TEACHING EXPERIENCE

Gateway Computing: Python (EN.500.113)

Course Assistant, Johns Hopkins University

Fall 2021

Introduction to Research (EN.560.511)

Teaching Assistant, Johns Hopkins University

Spring 2021

INVITED TALKS	General Electric (GE) Research , Probabilistics Seminar, Niskayuna NY	Oct. 2021
	CRUNCH Seminar , Division of Applied Math., Brown University, Providence RI	Sept. 2021
	Dynamical Systems and Complexity , 26 th Summer School, Athens Greece	Jul. 2019
TECHNICAL SKILLS	Languages: Python, FORTRAN, SQL	
	Software: PyTorch, Tensorflow, Mathematica, MSC Marc, AutoCAD 2D/3D	
	Operating Systems: Microsoft Windows, Apple MacOS, Linux/Unix	
	Software Development: UQpy (Uncertainty Quantification with Python)	
SERVICE & LEADERSHIP	Reviewer for peer-reviewed journals: Journal of Computational Physics	2022 - present
	Graduate Representative Organization (GRO) , Advocacy Chair, JHU	2020 - 2021
	Homewood Council of Inclusive Excellence (HCIE) , GS2F member, JHU	2020 - 2021
	ISAH Ambassador @ Hopkins , Education and Administration Committee, JHU	2020
	Homewood Graduate Board (HGB) , Representative Ph.D. student of Whiting School of Engineering, JHU	2020

Machine Learning in Science & Engineering Conference 2020,
Volunteer, Columbia University

2020
